I know it's only natural
It's just the man that's in me
That makes me wanna do the things I do
It's not my fault my soul hungers
But it makes me stop and wonder
How long will you keep coming back to me

Oh I'll take your heart and break it
And yet somehow you make it
How long will you keep coming back to me

I call you a fool, I call you crazy
That's no way to treat a lady
How long will you keep coming back to me

The love it takes to keep me
It's more than one woman can give me
Though I know no one can love me more than you
Surely time will fill my hunger
And I won't have to wonder
How long will you keep coming back to me

Oh I take your heart and break it
And yet somehow you make it
How long will you keep coming back to me

I call you a fool, I call you crazy
That's no way to treat a lady
How long will you keep coming back to me

I call you a fool, I call you crazy
That's no way to treat a lady
How long will you keep coming back to me
