No, I can't take it no longer I'm goin' out of my mind
Baby, since you been goner you know, I cry all the time
I'm gonna crawl right back to you on my knees
Cryin' take me back please, baby, please, please,
please

I can't take it no longer I got to be in your arms
You know it really is a wonder I ain't in the funny farm
'Cause the sun ain't shinin' and it's nine eight degrees
But I'm shiverin' and shakin' and 'bout to freeze

I can't take it no longer, I can't take it no longer
I ain't gonna pay no attention to my pride
'Cause without your sweet love, I get to be tired

I can't take it no longer I'm goin' out of my mind
Baby, since you been goner you know, I cry all the time
I'm gonna crawl right back to you on my knees
Cryin' take me back please, baby, please, please,
please

I can't take it no longer, I can't take it no longer
I can't take it no longer, I can't take it no longer
