There's a time to laugh and there's a time to cry
There's a time to live and love but my love for you has
died
I just don't want you anymore although you've done
your part
I can love you out of sympathy, I'm gonna break your
heart

I always kinda like you dear and your cute little ways
But I never meant for you to fall in love with me this way
I should have never let you on and drag your love this
far
I'm sorry dear don't waste your tears, I'm gonna break
your heart

The time to laugh is over and the time to cry has come
But we shared a lot of good times I've thought we had
a lot of fun
I've stayed as long as I'm goin' to now I've just got to
go
But darling before I do there's something I want you to
know
I tried to make you happy dear, I tried to do my part

But love just died go on and cry, I'm gonna break your
heart
But love just died go on and cry, I'm gonna break your
heart
