In The First Place - Hank Williams Jr.

Well listen to me woman
I ain't gon' change for you... Or nobody else
I'm a-gonna be myself
Well you can take me like I am
Or leave me like I was
In the first place
In the first place

Well I ain't gonna quit my flirtin'
'Cause it gives me inspiration when I've had a little kiss
or two
Am I comin' through
Yeah you can take me like I am
Or leave me like I was
In the first place
In the first place

A-well I might stay out all night
It don't mean that I'm doin' ya wrong it's just the way
that I am
Oh don't you understand
You can take me like I am
Or leave me like I was
In the first place
In the first place

Well a-woman I want your love
But if I have to choose between lovin' you and bein' a-
freeeee
You can plainly seeeee
You can take me like I am
Or you can leave me like I was
In the first place
In the first place

Well now you've heard me woman
I just wanted you to know what you're gettin' into
And it's up a-to you
Well you can take me like I am

Or you can leave me like I was
In the first place
In the first place

You can take me like I am
Or leave me like I was
In the first place
In the first place
Hey in the first place
Alright the first place
