La Grange

I had a dream last night
I heard momma talkin' to daddy
She said Hank, Bocephus wants to boogie woogie
I heard daddys' reply to mamma
Audrey, it's in him and it has to come out
Let the boy boogie woogie, have mercy

The word's spreadin' round in that Texas town
About that shack outside of La Grange
A just let me know if you wanna go
To that home out on the range
They got a lot of girls out there, they're so nice

Well I heard it's fine if you got the time
And a ten to get yourself in
And I hear it's tight most every night
But now I just might be mistaken
Don't let 'em know what's goin' on
