There ain't no man  
Gonna invade my territory  
There ain't nobody out there  
Gonna mess with me

Because I'm big and hard and battle scarred  
And gettin' long in the tooth  
Desperate and hungry  
And got nothin' to loose

Yeah, I'm a lone wolf  
I've been chased and I've been bit  
Yeah, I'm a lone wolf  
They like to shoot at me but they missed

Yeah, I'm a lone wolf  
And I ain't never been trapped  
And God help the people  
That think they got me cornered at last

I've been huntin', I've been trackin'  
I've been runnin' since I was three  
Born in Louisiana Swamp  
Moved with the pack to Tennessee

Raised by black and white dogs  
To some country's summer rock-n-roll  
They said now, boy  
You're gon' have to quit your houlling soul

Stayin' up all night  
And chasing lassies by the moon  
Layin' up all day  
On the porch playin' guitar tunes

Yeah, I'm a lone wolf  
And I no longer run with the pack  
Yeah, I am a lone wolf  
I don't ever look back

Hey, I am a lone wolf  
Out here on the prowl

And most of us have been penned up  
But I'm still runnin' wild

Hey, I'm a lone wolf  
I've been chased and I've been bit  
Yeah, I am a lone wolf  
This old dog knows all the tricks

Hey, I'm a lone wolf  
Still hungry and I'm on the prowl  
And most of us have been penned up  
But Bocephus is runnin' wild

Better watch out  
If I'm hungry and I'm on the prowl
