out on the lonsome highway, a suitcase and an old  
guitar  
I'm just outside of panama city in a place called  
johnny's roadside bar  
havin fun I'm a son of a gun I ain't fit to be tied  
I'm on my way back to Alabama would you like to give  
me a ride

I'm a long time gone lord  
I was on my way back home lord  
I'm a long time gone lord from you

Sometimes it ain't easy when you don't have much to  
spare  
travelin light lord countin on the good luck a little bit  
here and there  
but she's got the prettiest big brown eyes when she's  
sattisfied  
I'm on my way back to bama boys would you like to give  
me a ride

I'm a long time gone lord  
I was on my way back home lord  
I'm a long time gone lord from you

I'm a long time gone lord  
I was on my way back home lord  
I'm a long time gone lord from you

Yes I'm a long time gone lord  
but i'm on my way back home lord  
I'm a long time gone lord from you

chorus (repeat)
