Yeah yeah
Everybody play now
Oh, yeah

Knock out of my breath
Since I fell for you
Now I've come down
With the heart break blues

It's gonna take a doctor
With a special degree
'Cause I need a love doctor
I need a love M.D.

I need a good doctor

I've been sick y'all
I've been sick y'all
Bed ridden
Bed ridden

I need a prescription
Which just right for me
A lot of bed rest
A little company

A whole lot of hugs
A little sympathy
I need a love doctor
I need a love M.D.

'Cause I've been sick y'all
I've been sick y'all
Heart broken
Heart broken
