Well I'm rough around the edges
Broad at the shoulders
Hard at the belly
And a all night solider
I tell ya I'm a full grown man
I'm a loving instructor teaching every woman I can

I remember very fondly my high school days
I made letters in loving, the girls give me top grade
I tell ya I'm a full grown man
Yeah, I'm a loving instructor teaching every woman I
can

This is how you kiss
This is how you hug
This is how you....make love
This is how you touch
This is how you talk
When I get through with you this is how you gonna walk

No I don't run
No I don't jog
I get so much exercise down here on the job
I tell ya I'm a full grown man
Yeah, I'm a loving instructor instructing every woman I
can
Gotta make a living

Yeah, I'm a loving instructor teaching every woman I
can
First lesson breathe
