We started the tour out in Denver Colorado
I made the first one but I did not make the second show
'Cause I met this girl there that brought about quite a
big change
But I O.D'd in Denver and I just can't remember her
name

I guess you could say that my love life would not up to
part
Too many nights alone had left some permanence
scars
She told me she'd love me and I told her I'd do the
same
Then I O.D'd in Denver and I just can't remember her
name

I brought it on myself and I guess that I shouldn't
complain
Doc said son you can't do anymore of that cocaine
But she made me higher than all of those expensive
things
But I O.D'd in Denver and wish I could remember her
name

I turned to other things tryin' to make my daydreams
real
But they don't take the place of the woman's face and
her feels
She treated me nice and I like to find her again
But I O.D'd in Denver and I just can't remember her
name

I brought it on myself and I guess that I shouldn't
complain
Doc said son you can't do anymore of that cocaine
But she made me higher than all of those expensive
things
Kinda overdid it in Denver and I just can't remember
her name
