Time is catchin' up with me cause I've been on the road
And the keys to the city are all I've got to show
Though it's easy to take home the belle of the ball

I'm getting tired of it all
And I'm gonna love you once and for all

Cause you're the one that helped me find myself
And I'm gonna love you and nobody else
You pick me up everytime I fall

And if you ever need me just gimme a call
Cause I'm gonna love you once and for all

Now I look forward to rainy days
So I can learn more of your lovin' ways
And when I'm home and you're the star on the stage

And until the final curtain calls
I'm gonna love you once and for all

Cause you're the one that stuck it out
And you know that's what love's all about
I could have a woman everytime I call

But I'd rather see you walkin' down the hall
And I'm gonna love you once and for all

And if you ever need me just give me a call
Cause I'm gonna love you once and for all
And I'd rather see you walkin' down the hall
