I'm an outdoor kinda man and I really love the land
From the mountains of Montana to the Alabama sand
I don't care much about TV 'cause there's country yet to
see

I'd rather be on the lake with a fishin' friend
I'm an outdoor kinda man

Give me a cane pole and a shotgun
And I can have a whole lotta fun
A soft ole pair of hikin' boots
A pocket knife and a campfire too
You go out in the woods alone wonder where the big
buck's roam
What's that noise and your heart beats fast
Then you smile when a squirrel runs past
I don't have to get a bear just want to breathe that
country air
I'm goin' out every time I can
I'm an outdoor lovin' man

I'm an outdoor lovin' man I really love the land
From the rugged Maine coastline to the Florida Keys
sand
I don't care much about TV 'cause there's country I ain't
seen
I'd rather be on the lake with a fishin' friend
I'm an outdoor lovin' man

I want a mountaintop and a wheat field
A cool clear lake, a rod and a reel
A four-wheeler, a ride on a bike
A horseback trip, a snowshoe hike

The concrete jungle I don't want, I'd rather be out in the
swamp
My job's got me tied up so I dream of where the red
fern grow
This weekend I'll find where the river bends and the
fish jump high
I'll be there every time I can
I'm an outdoor kinda man

I'm an outdoor lovin' man and I really love the land
From the rugged Maine coastline to the Alabama sand
All the talk shows on TV they don't do a whole lot for
me
I'd rather be in a deer stand I'm an outdoor lovin' man

I'd rather be on the lake with a fishin' friend
I'm an outdoor kinda man
