Rainin' in my heart since we've been apart  
I know I was wrong darling please come on home  
You got me cryin' bout to lose my mind  
Don't let me cry in vain try my love just once again  
[ guitar ]  
Now honey I need your love and darling you know why  
So if you just come on back home there'll be no need  
for me to cry  
Rainin' in my heart since we've been apart  
I know I was wrong darling please come on home  
Rainin' in my heart since we've been apart darling  
please come on home
