Hey Charlie Snob could you make me some
investments
I wanna get the hell out of here
I've ordered my Mercedes I wanna meet some
classy ladies
And start drinking champagne instead of beer
Now I don't have much money but we could work
out somethin'
I could send you twenty bucks a week
He said that's not how it works and just what is your
net worth
I said my net worth is what I got on me
So I called up my mother-in-law told her about the ad I
saw
Guaranteeing a fortune to be made
I said I need a hundred thou cause we have got to jump
in now
We'll make a bunch and split it up two ways
So I met her down at the bank grabbed a check and
then I ran
As fast as I could to their store
Now here's all the money so pick some winners
sonny
And call me up when we make the big score
Well I saw it on the evening news stock market really
had the blues
And when it closed it set an all time low
I wondered where did I go wrong why did this happen
to me Lord
I've got to get that money back ya know
Well I just sat there and wondered why I was gonna buy
low and sell it high
But things sure didn't work out that way
I don't know what I'm gonna do and to tell
ya' all the truth
I think I've lost my assets today
Hey broker man please don't make no more
investments
Cause I would like to keep my shirt and pants
Cancel that Mercedes I'm going back to the old
lady
In Little Rock instead of Paris, France

No I'll never play that game again I think you all
saw me comin' friend
And I jumped right in like a big fool
Oh I thought I'd make some money but it's
really kind of funny
Cause I borrowed all of it from you know who
Oh I thought I'd make some money but it's
really kind of funny
Cause I borrowed all of it from you know who
