I will find a network, Want to treat me right
Y'all can take the change, and stick it out of sight
Don't tread on me, don't you tread on me

Hey are you ready for some good news?
We're gonna take back our country!

Well it used to be easy, get a place, build a house
Now the EPA said no, that's the home of the blue
mouse
Don't tread on me, don't you tread on me
We're gonna use some common sense
And We're gonna take back our country!

Well we've beaten to death that old race horse
This politically correct thing has run its course
Don't tread on me, don't you tread on me
Hey are you ready for some good news?
We're gonna take back our country!

Facebook, Twitter, Youtube and Bing
Mock for divorces, from showing them things
Mind your own business
That's good advice
Mind your own business
Dad got it right
Cause if you mind your own business
Then you won't be minding mine

Everything says for sale or for lease,
Price reduced, make an offer please
Don't tread on me, don't you tread on me
Hey are you ready for some good news?
We're gonna take back our country!

There's no way today we could build Mover Dam
There's be way too many government permit scam
Don't tread on me, don't you tread on me
Hey are you ready for the good news?
We're gonna take back our country!

Hey Barack, pack your bags, head to Chicago
Take your telepá¹—rompter with you so you'll know
where to go
Moving on over, Moving on over, Moving on over,
Oh, moving to the dark house
The big dog's moving me
Moving on over, sliding on over, Moving on over,
Hey are you ready for some good news?
Are you ready for some good news?
We're gonna take back our country!
That's what I'm talking about baby!
