I took a three day trip with a one day woman  
And ya know what I'm talkin' about  
After 24 hours it was plain to see  
This weekend wasn't gonna work out  
She and I didn't have one thing in common  
And her favors weren't coming around  
I'm on a three day stay with a no way babe  
What the hell am I gonna do now  
Well Friday night cost me a high dollar dinner  
Lots of tequila and wine she drowned  
Now she's messed up real good and drunk  
Stumbling and falling down  
So I had to carry her to the room  
Where she instantly passed out  
And started snoring loud  
So I went back down  
And took a cab to the Waffle House  
Now Saturday morning long about noon  
She called room service bring me some doubles  
Her meet me in the bar it's six hours till dark  
And this bitch is havin' speech trouble  
It was Vizzy Vizzy this and Wishe Wazhe that  
I thought God please rescue me  
Another couple sat down  
And ordered a round  
Now it's my chance to go free  
I'm on a three day trip with a one day woman  
If ya know what I'm talkin' about  
After 24 hours it was plain to see  
The weekend really wasn't gonna work out  
She and I didn't have one thing in common  
And her favors weren't coming around  
I'm on a three day stay with a no way babe  
What the hell am I gonna do now  
So, this dude and my date  
Get really shit faced  
When his girl grabbed me to dance  
Looks like you and me are up the same tree  
So let's start our own romance  
Yes, she and I watched the Sunday morning sun  
Come up in each other's arms  
The weekend started bad but we're really glad

Cause the two we dumped are still in the bar  
Donâ€™t take a three day trip  
With a one day woman  
Better learn what Iâ€™m talkinâ€™ about  
If youâ€™re gonna go to the Islands  
Donâ€™t take a chance  
Take a babe that can really get down  
So if ya have any friends  
Wanna line you up with a blind date take it from me  
Get a girl you know whoâ€™s cocked and ready to go  
Forget about E-Harmony
