Well some say I'm not country  
and that's just fine with me  
'Cause I don't wanna be country  
with some faggot looking over at me  
They say that I'm ill-mannered  
that I'm gonna self-destruct  
But if you know what I'm thinkin'  
you'll know that pop country really sucks

So I'm here to put the "dick" in Dixie  
and the "cunt" back in country  
'Cause the kind of country I hear now days  
is a bunch of fuckin' shit to me  
They say that I'm ill-mannered  
that I'm gonna self-destruct  
But if you know what I'm thinkin'  
you'll know that pop country really sucks

Well we're losing all the outlaws  
that had to stand their ground  
and they're being replaced by these kids  
from a manufactured town  
And they don't have no idea

about sorrow and woe  
'Cause they're all just too damn busy  
kissin' ass on Music Row

So I'm here to put the "dick" in Dixie  
and the "cunt" back in country  
'Cause the kind of country I hear nowdays  
is a bunch of fuckin' shit to me  
And they say that I'm ill-mannered  
that I'm gonna self-destruct  
But if you know what I'm thinkin'  
you'll know that pop country really sucks

And if you know what I'm thinkin'  
you'll know that pop country really sucks
