(Fred Rose)

Faded love and winter roses
Always bloom in memory
Faded love and winter roses
Yearning hearts that used to be.

Will they meet again tomorrow
Where we parted yesterday
Give me back the winter roses
And the love you took away.

Faded love and winter roses
Sprinkled with a lonely tear
Faded love and winter roses
Still recall each yester year.

Will I always be a dreamer
Dreaming of the used to be
Faded love and winter roses
Live and die in memory...
