(Hank Williams)

Chorus:

Take this message to my mother  
It will fill her heart with joy  
Tell her that I've met my Saviour  
God has saved her wand'ring boy.

The tears and sorrow I have caused her  
How I wish I could repay  
But tell her I'll be waiting for her  
We'll meet in heaven some glad day.

How she cried when I left her  
I know it filled her heart with pain  
She said, "Son, please don't leave me  
For we may never meet again."

Chorus:

Take this message to my mother  
It will fill her heart with joy  
Tell her that I've met my Saviour  
God has saved her wand'ring boy.

Years have passed since that parting  
But I know she waits and prays  
Soon I'll cross that dark river  
Please let her know that I was saved.

Chorus:

Take this message to my mother  
It will fill her heart with joy  
Tell her that I've met my Saviour  
God has saved her wand'ring boy...
