Featuring Scarface

(Verse)

I was street kept foolish, no, you can't change that,
And I ain't sorry for all the motherfucking things, I take
back

When I was barely getting by, homeless and getting
high,

Where the fuck was you? Hanging with all the
motherfuckers, looking fly.

I'm on my grind, what I'm trying to maintain,
This lifestyle you're living, all you do is complain, like
You're all perfect, miss goody to shoes and you ain't
working

Talking about the motherfucker moves, you're shit.
You want the truth, well, this truth will ruin you,
Keep it all, but when it starts to add the two and two
And calculating all them tips and trips
You're still complaining, you ungrateful shit,
Is believable what you came here with.
You can stay and be pretty or leave and look shitty.

(Pre-Hook)

Baby, it's such a crime that love don't live here no
more,

I'll be your baby cry, now my eyes don't tear up no
more.

All the times you went and lie, my heart can never be
cold.

Don't wanna say goodbye, but I can't take it no more.

(Hook)

And baby, I loved you, I loved you,
You were my life, you are my life.

And I don't want to be in love this time with you.

(Verse)

Baby, I try to leave, but I don't have direction,
Don't know what road to take to find a resolution.

Someone can show me the way? I'm not sure I really
wanna know.

I know I said I want to leave, but you know I don't really

wanna go.

(Hook)

And baby, I loved you, I loved you,
You were my life, you are my life.
And I don't want to be in love this time with you.

(Verse)

I met hoes certain in that one day,
And then happened I stumbled your facebook page,
And I'm like wait, a facebook page
Only I'm talking about how you hate this place.
You mean to tell me you be feeding on necks,
Instead of coming to one and get all that
Is that a fact, listen to shit I spare about you
Brooke ain't perfect in all that's true.
Is that you and I, suck that with it,
I slipped and fell a few times, I admit it,
I shouldn't get it, but the damned just do
And through it all, I'm still in love, I can't imagine no
one
I live for love for a living, got my heart still beating,
And I'm still breathing, I've no more reasons.
