[V1]

To whom, this may be concerned
To those who may want to learn
I'm writing this to you
The reason I won't be here no more (no more)
Reason I won't live I yearn (I yarn)
The reason I won't be here observed
Cause I will die if you were to leave

[Chorus]

Oh, look what you've done it's like a disease I'm dying
from a broken heart help me
Ooh look what you've done your the remedy
I'm dying from a broken heart.

[V2]

Some may not, understand the words I sing.
They have no idea how I got these wings
They don't know why
I'm an angel in my dreams
'cause if you leave me babe I will die
With this broken heart I can't survive
I need you in my life,
It would kill me if you were to leave
(if you were to leave baba)

[Chorus]

Oh, look what you've done it's like a disease I'm dying
from a broken heart help me
Ooh look what you've done your the remedy
I'm dying from a broken heart

I'm loosing time I need you here (with me)
Don't walk away baby please help me
I'm begging I'm on bending knees
Won't somebody come and rescue me
I pleading I'm on bending knees
I can't make it with out you next to me
Will somebody come and save me
Will somebody come and set me free

[Chorus]

Ooh (OoOoh)

Look what you've done

(what you've done)
