Right from the start hell yeah
You were the one even without a kiss you were so much
fun
Hurted me all the time but yet it felt so good
Knock me down but my love still stood

You didn't wanna hurt me but you still did
Couldn't see behind my back you split
Wrapped up in love I couldn't control it
Guess now I see just what it meant

I didn't know what real love was
All the hits you gave
Should had been hugs baby

I laughed till I cried
I seem so happy on the outside, baby
How was I to know it at that time
I was so busy laughing now I'm crying

And I can't deny some times were good
I wouldn't save myself if I could
Blind and naive I was a fool
And lucky me I ran into you

I ask you if you love me you say uh-uh
Wanna take me out you say uh-uh
Still had a way of getting to me
Hold me tight and I forget everything

Still to this day I think of you
You taught me how to see through the lies
And get to the truth

I laughed till I cried
I seem so happy on the outside
If I cry baby
I was so busy laughing now I'm crying

The laughter keeps going
And my hearts not showing it's lies
I wish I could show you how many times I cried

The laughter keeps going
And my hearts not showing it's lies
I wish I could show you how many times I cried

Yes, I laugh if I'm keep on crying
Keep on crying
I got to keep from dieing, baby

You love me, you lied to me
You're hurting me, you made me sad
I'm wishing love don't make me cry
It hurt so bad, it hurt so bad
