(Verse)

If I put you down you'll never forget it.  
And if I pound song to you, swear you won't regret it.  
Baby, baby baby baby, mhm, I will have you so crazy,  
crazy, crazy.  
You're gonna change your last name to mine,  
They gonna call you Mister Valentine.  
You've been acting so strange,  
Really, really, really, really.

(Chorus)

This is a love song, uh  
And imma sing it to you all night long.  
This is a love song, oh uhh  
And imma sing it to you all night long.

(Verse)

Now that I got your mind, give me your soul, too  
So I can put us together, with glue.  
Baby, baby, baby, baby  
I swear you're so crazy, crazy, crazy, crazy  
You've been acting so strange lately.

(Chorus)

This is a love song  
And imma sing it to you all night long.  
Uh, this a love song,  
Uh, imma sing it to you all night long, all night long.
