(Intro)

There's nothing in this world I wouldn't do for you.
See if you can step to this,
Let me see if you can step to this.
See if you can step to this,
Let me see if you can step to this.

(Verse)

So I'm hearing all this mess
Why your friends talking about me?
Talking bout our love ain't real
And I'm only with you because I'm thirsty.
They don't know shit about
What we share when we are alone.
Boy I got my own, so why do I want with yours?

(Pre-Chorus)

I don't wanna have Louie, Gucci, Fendi or Prada
I want you, boy, not just your dollars,
Oh, oh no, no, no, no, no.
When I'm down with you no matter the weather
I love you cause you make me better,
Oh, oh no, no.

(Chorus)

That on my house, my car, my credit card,
My mama put it on my life
Put that on everything, everything.
Cause I'm fin to be here baby, it's crazy
Even be your wife,
Down on everything, everything.

(Verse)

Said when we first met
A relationship is 50-50,
Said I was your queen, you're my king
So why you're giving me 20 percent?
I ain't talking bout your money,
I'm talking bout the way you trust me.
I was fine before I met you
And I'll be fine when you'll leave.

But I

(Pre-Chorus)

Don't leave, don't want it to be over
I'm right here, just look over your shoulder,
I've got your back baby.
I'm down with you no matter the weather
I love you cause you make me better,
Better, better, better, oh, oh.

(Chorus)

That on my house, my car, my credit card,
My mama put it on my life
Put that on everything, everything.
Cause I'm fin to be here baby, it's crazy
Even be your wife,
Down on everything, everything.

(Bridge)

One thing, I pray you won't forget it,
Just remember that boy that we were meant to be
When your boys are gone, your money's gone
I'll be the only one that you can call.
Call on me boy, you won't regret it,
Both the hood just talking bout we're married,
Break us down, I'll be around,
To any means, just trust me now.

Baby that's why, I love you the most.
Baby that's why, I keep you close.
Baby that's why, I need you to see,
Stay with me baby.
What you want, what you need,
You can count on me,
I put that on everything.

See if you can step to this,
Let me see if you can step to this.
See if you can step to this,
Let me see if you can step to this.
