I know we'd never have made it  
it was plain to see  
life's not a game but you still played  
and someone lost eventually  
so tell me was it you or me?

And I miss you like hell  
no I just can't sleep alone  
and I miss you like hell  
waking up to that dream  
and I swear I can tell  
you were here just while ago  
yeah I can feel you're almost real  
almost real

On and off and off and on  
we just never learnt to be  
you're still a number on my phone  
there's a ghost trying to break free  
tell me is it you or me?

And I miss you like hell  
no I just can't sleep alone  
and I miss you like hell  
waking up to that dream  
and I swear I can tell  
you were here just while ago  
yeah I can feel you're almost real  
almost real

You were the man who's almost there  
acting like you almost care  
almost loving almost me

And I miss you like hell  
no I just can't sleep alone

and I miss you like hell  
waking up to that dream  
and I swear I can tell  
you were here just while ago  
yeah I can feel you're almost real  
almost real
