I can see the thing with you  
Your forrest and your trees  
You're so close to who you are  
You don't know how to be

Blind to other points of view  
You wander aimlessly  
You could find your way again  
If you would just hear me  
I know that you won't die  
You think that it's a lie?  
I'll show you what it means  
To be free

I could change your life  
And open up your mind  
Or you could stay the same  
And drown in all your sorrow  
Let me be the one  
Who gives the kiss of life  
You can't stay this way  
You're burning your tomorrows  
Your tomorrows

You're not answering your phone  
You let it ring and ring  
Now your crises starts to breathe  
I can't do a thing  
I know that you won't die  
You think that it's a lie?  
I'll show you what it means  
To be free

I could change your life  
And open up your mind  
Or you could stay the same  
And drown in all your sorrow  
Let me be the one  
Who gives the kiss of life  
You can't stay this way  
You're burning your tomorrows  
Your tomorrows

I believe  
That you've finally found the door  
Here's the key  
That you've got to push  
Push that more...

I can see the thing with you  
Your forrest and your trees  
You're so close to who you are  
You don't know how to be

I could change your life  
And open up your mind  
Or you could stay the same  
And drown in all your sorrow  
Let me be the one  
Who gives the kiss of life  
You can't stay this way  
You're burning your tomorrows  
Your tomorrows
