As the days pass me by  
Seem they just keep getting longer  
At first it was fun to be free  
Thought it made me stronger

The sun is setting now  
Everything's up and down  
My world is spinning round 180

I guess I'm missing you  
It's been long overdue  
So now nothing feels the same

I should've known, should've known better  
That to give back your heart so easily  
and now you're gone  
Hear me I'm calling  
Baby, come back and rescue me

I think of you over and over  
Gotta break free of this misery  
Cause now you're gone  
Hear me I'm calling  
Baby, please

And when the days at end  
I can't pretend any longer  
I think where you've been who you've seen  
I can't help but wonder

Do you still think of me  
I'm treading carefully  
My world is spinning around 180

I should've known, should've known better  
That to give back your heart so easily

and now you're gone  
Hear me I'm calling  
Baby, come back and rescue me

Rescue me, rescue me

I should've known, should've known better  
That to give back your heart so easily  
and now you're gone  
Hear me I'm calling  
Baby, come back and rescue me
