Get in bed and cover your head  
I see you and I see red  
The party's over, last call  
Go find yourself another place to fall

You've been out since I don't know when  
La la la I need to live again  
You pull me down, I need to get on, up  
Don't try to look like you're in a shock

You're in a shock, right?

I walk alone so save your love for someone else  
Wake up cause you're drowning in your tears  
You pathetic fool!  
Yeah! go ahead, shout it out  
Pull the cover off in front of everyone  
Tell me really  
Do I look like I care  
Oh, why don't you shout it out loud

Help me make you understand  
I can't breathe now get off my land  
Yes please just leave me alone  
No time won't help you're on your own

You waste your lines, keep talking to yourself  
La la la la boy you need help  
How many times do I have to turn off your lights?  
There's nothing here, you get it right?

You get it right?

I walk alone so save your love for someone else  
Wake up cause you're drowning in your tears  
You pathetic fool!

Yeah! go ahead, shout it out  
Pull the cover off in front of everyone  
Tell me really  
Do I look like I care  
Oh, why don't you shout it out loud

You're so conventional  
And I can't take it  
I'm so insatiable  
So you won't make it

I walk alone so save your love for someone else  
Wake up cause you're drowning in your tears  
You pathetic fool!  
Yeah! go ahead, shout it out  
Pull the cover off in front of everyone  
Tell me really  
Do I look like I care  
Oh, why don't you shout it out loud
