I miss the girl I used to be
So full of life and so carefree
Untouchable, complete control
She had it all

She wrapped her heart in armour
No one could touch or harm her
She liked the thrill without the fear of getting hurt

No it's just no fun
No it's just no fun

I used to be a superhero
Now look at me
A shadow of myself
I used to be a wonder woman
Now look at me
I'm like everybody else
I lose it all when u're in sight
I can't hold back I can not fight
U're some kind of kryptonite

She used to be the tough kind
No one could mess with her mind
They tried to pierce her armoured chest
(But) She eats their kind for breakfast

Now she's gone
What have you done?

I used to be a superhero
Now look at me
A shadow of myself
I used to be a wonder woman
Now look at me
I'm like everybody else
I lose it all when u're in sight
I can't hold back I can not fight
U're some kind of kryptonite

Now I admit it
I get weak when I'm alone with u

With both feet I'm in it
Living, loving every minute of u

I still miss the girl I used to be
(I still miss the girl I used to be)
Now she's gone
What have you done?
