I think I'll go down to the ocean
I think I'll go down and lie by the sea
Sit alone and watch the waves break
I don't think I'm ever going to leave
To leave, to leave

Find a girl that looks like an angel
Take her home just to be by her side
The kind of girl you'd love to marry
Someday to be your brand new bride
Your brand new bride

I think I'll go down to the ocean
I think I'll go down and lie by the sea
Sit alone and watch the waves break
I don't think I'm ever going to leave
to leave, to leave, to leave, to leave
to leave, to leave, to leave, to leave

Well I know I've got this mission
Things to do and things to say, every day
And if you give your heart permission
I know you'd feel the same old way
The same same way

I think I'll go down to the ocean
I think I'll go down and lie by the sea
Sit alone and watch the sun set
I don't think I'm ever going to leave
to leave, to leave, to leave, to leave
She'll be waiting by the shore
And I will be, I don't wanna be alone anymore

I think I'll go down to the ocean
