My eyes are blinded [repeat 3x's]

Your eyes,your kiss,every little thing that you
ever do,The smile I miss every minute while
I'm away from you.'Cause you're the other
side of my heart I know that we'll never
part.

[Chorus]

My eyes are blinded,my heart is waiting for you,
Like a lightning that tears apart my soul,My eyes
blinded my heart is waiting for you no need to

fight it I've never felt so strong

My eyes are blinded[repeat 2x's]

When dream has come leaving me alone with
reality,Look what you've done I depend on you
lose my sanity.'Cause you're the other side of
my heart I hope that we'll never part

[Chorus]

My eyes are blinded [repeat 2x's]

[Chorus 2x's]

My eyes are blinded [repeat 2x's]
