The look in your eyes
As I told you goodbye
Killed not only the night
But the butterflies
That were filling my gut
As if enough wasn't much
I found all truth in your touch
Just through this game we called lust

Speak to me
I'm all ears
And all goodbyes
Scream at me
I'm no ears
But I'm all eyes

Open up so I can see inside
So I can see just what your made of
Loosen up
Before all ties come loose
Don't expect all eyes on you

Speak to me
I'm all ears
And all goodbyes
Scream at me
I'm no ears
But I'm all eyes

Speak to me
Because I'm no ears (I'm all ears)
Scream at me
(Because I'm all eyes)
I'll read the lies flow from your lips

Feel the guilt
Throbbing through your fingertips
Speak to me
I'm all ears
And all goodbyes
Scream at me
I'm no ears

But I'm all eyes

I'm all eyes
