I know you haven't called me in a long time  
Asked me on a date or held my hand  
Could be your way of telling me it's over  
But I want you to be clear on where I stand

Chorus

I broke up with you first  
I don't care what you say  
Or that you put all your stuff in a big u-haul truck and  
moved to LA  
I'm cutting you loose  
So go on sing the blues  
And tell me how much it hurts now that your bubbles  
burst  
And I broke up with you first

Boy I got that picture that you sent me  
But who was that starlet by your side  
I think I might have saw her in a movie  
You know my favorite part was when she died

Chorus x2

Don't forget it you jerk  
I broke up with you first
