(Noah)

All Around The world tonight

A Heavenly Is Glowing

And People everywhere are touched By Light

All Around The world tonight

(Chorus Noah)

So shine little star

Reaching near and far

Setting Hearts a glow

With your radiant Light

And when they hear your song

Let them sing along

All Around The world tonight

(Miley)

All Around The world tonight

A song of Peace Is Flowing

If Only for a moment Hearts will unite

All Around The world tonight

(Chorus Both)

All Around The world tonight (3x)
