You wake up it's raining and it's Monday, Looks like one of those rough days, Times up, you're late again, So get out the dance floor,
Sometimes you feel like running, Find a whole life to jump in , Let go , Get up , and hit the dance floor, But when the lights go down it's the ending of the show, And you're feeling like you got nowhere to go , Don't you know,

Chorus:

You can change your hair, You can change your clothes, You can change your mind, that's just the way it goes, You can say goodbye, You can say hello, But you'll always find your way back home
You can change your style, You can change your jeans, You can learn to fly and you can chase your dreams , You can laugh and cry but everybody knows, You'll always find you way back home

Your best friends, your little hometown , Are waiting up wherever you go now, You know you can always turn around

Cause this world is big and it's crazy And this girl is thinking that maybe This life is what some people dream about , Cause when I'm feeling down and I am all alone I've always got a place where I can go Cause I know

Chorus

You can change your hair, You can change your clothes, You can change your mind, that's just the way it goes, You can say goodbye, You can say hello, But you'll always find your way back home
You can change your style, You can change your jeans, You can learn to fly and you can chase your dreams , You can laugh and cry but everybody knows, You'll always find you way back home

Where they know exactly who you are Back home where the real you is the superstar Back home you know it's never to far away Let mw hear you say

Chorus:

You can change your hair, You can change your
clothes, You can change your mind, that's just the way
it goes, You can say goodbye, You can say hello, But
you'll always find your way back home

You can change your hair, You can change your
clothes, You can change your mind, that's just the way
it goes, You can say goodbye, You can say hello, But
you'll always find your way back home

You can change your style, You can change your jeans,
You can learn to fly and you can chase your dreams ,
You can laugh and cry but everybody knows, You'll
always find your way back home

You'll always find your way back home

You'll always find your way back home
