Am I sleepin or am I awake  
What makes you think you can treat me this way  
I have waited for you all of my life  
Finally your here for me  
You'll see  
Your not the person I thought you to be  
Fankly I can't see that wonderful person in my thoughts  
anymore  
I can't see the gleam in your eyes  
That was once there before  
Don't try to be someone your not  
I loved the person you used to be  
Why did you have to change  
Am I sleeping or am I awake  
I can't believe I spend all of these days just waiting for  
a person that no longer exists  
I will keep looking for the person that once was here  
I sometimes see him deep inside of you

I sometimes see a little bit of that glisten in your eyes  
But the voice thats coming through  
It isnt the one I am used to hearing or the one I thought  
I knew  
What happened to all those good times  
At the movies and pinics in the park  
The games that we used to play until our curfew at dark  
I used to call you up on the phone and you'd be so  
happy to hear me  
We used to go fishing in that big pond and watch  
football on that flat screen TV  
I don't know wether its a dream or wether is real but it  
does't really seem to matter  
Because the person I used to know.. is gone  
So I'm just going to keep persisting  
Until I find the real you..
