Even though I'm famous  
I'm still just like you we both go to school and have  
caring parents.  
Okay so I'm a little richer.  
But I'm just like you.

I'm living the lives any girl would want.  
I'm a singer an actress and your ordinary girl.  
This is my life and it's going my way.  
I'm living a double life.  
It's the life any girl would want.  
Come on yea. It's a double life.

Here are my life I.  
Get my songs on the radio and my picture in all the  
magazine and also  
I'm a school girl just like everyone else.

I'm living the lives any girl would want.  
I'm a singer an actress and your ordinary girl.  
This is my lives and they're going my way.  
I'm living a double life.  
It's the life any girl would want.  
Come on yea. It's a double life.

I can go any were with out the  
Shades and make up and be known as a regular girl.  
But when you see me as a star you want an  
Autographed picture. That's my life and it's a  
N amazing life.

I'm living the lives any girl would want.  
We're singers and actress and your ordinary girl.  
This is my lives and they're going our way.  
We're living a double life.  
It's the life any girl would want.  
Come on yea. It's a double
