I feel like I'm a millions miles away  
From myself more and more these days  
I've been down too many open roads  
But they never lead me home

And now I just don't know who I really am, how it's  
gonna be  
Is it something that I can't see?  
I wanna understand

Maybe I will never be who I was before  
Maybe I don't even know her anymore  
Or maybe who I am today ain't so far from yesterday  
Can I find a way to be every part of me?

So I'll try, try to slow things down  
And find myself, get my feet back on the ground  
It'll take time but I know I'll be alright  
'Cause nothin' much has changed on the inside

It's hard to figure out how it's gonna be?  
'Cause I don't really know now  
I wanna understand

Maybe I will never be who I was before  
Maybe I don't even know her anymore  
Or maybe who I am today ain't so far from yesterday  
Can I find a way to be every part of me?

I don't wanna wait too long  
To find out where I'm meant to belong  
I always wanted to be where I am today  
But I never thought I'd feel this way

Maybe I will never be who I was before  
Maybe I don't even know her anymore  
Or maybe who I am today ain't so far from yesterday  
Can I find a way to be every part of me?  
Every part of me
