"Full Circle"

I've been in a rut
Back and forth enough
Heart like a wheel

Without you around
So uncomfortable is how it feels

Everytime you're near
trouble disappears under the ground

But when you go too far
Silver clouds will start hanging around

And I know why!

CHORUS

Tried to run
But I keep on running back
Full Circle
And I
Can't jump the track
Can't let you go
Tried to once
So I keep on coming back
Full circle
'Cause I know you'll come around
You'll come around

Skipping down a broken path
How long can I last
Please let me know

Where's the finish line
'Cause I've got to find somewhere to go

I don't want to hear
The people interfere
What do they know
What I feel inside
When I'm up all night
Needing you oh...

I don't know why!

CHORUS

'Cause I know you'll come around
You'll come around

BRIDGE

I'll keep on running till we meet in the middle
I'll push it right aside
And I'll give just a little
There's miles to go
But wait
Don't hold back
We'll make it

And I know why!

CHORUS

I know you'll come around
You'll come around
Yeah I know you'll come around
You'll come around
