We haven't met
And thats okay
'cuz you will be asking for me one day
Don't want to wait
In line
The moment is mine beleive me
Don't close your eyes
Cuz it's a chance worth takin'
And I think that I can shake you
I know where I stand
I know who I am
I would never run away when life gets bad
It's everything I see
Every part of me
Gunna get what I deserve
I got nerve (I got I got I got)
Electrified I'm on a wire

Getting together we're on fire
What I said you heard
Now I got you spinning
Don't close you're mind
The words I use are open
And I think that I can show you
I know what you like
I know what you think
Not afraid to stare you down until you blink
It's every thing I see
Every part of me
Gunna get I what I deserve
I got..
I got nerve
