Every time I see you
I know there's a light between the moon that is so
bright
But when you fire up the light
Every thing change to life

[chorus]
When I runaway
I runaway because of it
I runaway to find the truth
I runaway because of you

So tell me why
Tell me that it is just a lie
Tell me every thing that is still inside
'Cause it's to much for me
It's to much to keep
It's to much to runaway from (x2)

[Repeat chorus]

Every thing that you said
Every thing that you do
I tought it was just a joke
But then I think it back
And I found out
That it is just a lie

[Reapeat chorus x2]

I runaway...
I runaway...
I run...away...
