Whoa oh
Whoa oh
Whoa oh

When I saw you over there
I didn't mean to stare
But my mind was everywhere
I wanna know you

Gonna guess that you're the kind
To say what's on your mind
But you listen when I have something to show you

There's a mark above your eye
You got it in July
You're fighting for your sister's reputation

You remember people's names
And violent times are lame
So I bring you flowers just for no occasion oh

Whoa oh, whoa oh, whoa oh
I wanna know you
Whoa oh, whoa ohm whoa oh
I wanna go there where you go

I wanna find out what you know
And maybe someday down the road
Sit back and say to myself
Yeah, I thought so

You smile and never shout
You stand out in a crowd
You make the best of every situation

Correct me if I'm wrong
You're fragile and you're strong
A beautiful and perfect combination yeah

Whoa oh, whoa oh, whoa oh
I wanna know you
Whoa oh, whoa oh, whoa oh

I wanna go there where you go

I wanna find out what you know
And maybe someday down the road
I'll sit back and say to myself

I like how you are with me
In our future history
And maybe someday down the road
I'll sit back and say to myself
Yeah, I thought so

I thought so, whoa, yeah

Whoa oh, whoa oh, whoa oh
(Yea yea)
I wanna know you
(Yea, yea)
I wanna go there where you go

I wanna find out what you know
And maybe someday down the road
I'll sit back and say to myself

I like how you are with me
In our future history
And maybe someday down the road
I'll sit back and say to myself
Yeah, I thought so
