The weekends almost done
The moon is low in the sky
I feel like goin' out
Before the night passes by
I won't just sit around
When life becomes a drag
I dance

I like the bass (turn it up, turn it up, turn it up)
I like the boom (turn it up, turn it up, turn it up)
I need guitar (turn it up, turn it up, turn it up)
I like that drum when it goes (drum beat)

[Chorus:]
Let's dance
For the weekend
What the night is all about
Let's dance
Grab your girlfriends
Grab your boyfriends
Sweat it out
Let's dance
(Move your whole body)
(Let's start the party)
(Speak/rap)
Too much rock for one girl can make her go crazy,
I need someone to dance with me baby.
(Dance)

The music's on (turn it up, turn it up, turn it up)
My favorite song (turn it up, turn it up, turn it up)
The beat is strong (turn it up, turn it up, turn it up)
We'll dance
Come on

[Chorus:]
Let's dance
For the weekend
What the night is all about
Let's dance
Grab your girlfriends
Grab your boyfriends

Sweat it out
Let's dance
(Move your whole body)

(Let's start the party)
(Speak/rap) Too much rock for one girl can make her go
crazy,
I need someone to dance with me baby.
(Dance)

Keep movin'!

Crank it up!
Yeah

When the night says hello
Yeah get ready to go
Turn it up
Turn it loose
Yeah you got no excuse
Just take a chance
Get out on the floor and dance

[Chorus:]
Let's dance
For the weekend
What the night is all about
Let's dance
Grab your girlfriends
Grab your boyfriends
Sweat it out
Let's dance
(Let's dance)
And let's start the party

[Chorus:]
Let's dance
For the weekend
What the night is all about
Let's dance
Grab your girlfriends
Grab your boyfriends
Sweat it out
Let's dance
(Move your whole body)
(Let's start the party)
(Speak/rap)
As soon as my album goes number one
Mr. Lim I'd like a Rolex with 40 diamonds
