Seems like were holding on forever  
I gotta let it go  
Times up, you pushed me to surrender  
Tonight  
Who knows what happens now whatever  
Where ever the wind blows  
And I'm there as long as were together,  
Alright

Let's have the time of our lives  
Like there's no one else around  
Just throw your hands up high  
Even when they try to take us down  
We'll have the time of our lives  
Till the lights burn out  
Let's laugh until we cry  
Life is only what you make it now  
Let have the time of our lives

Dreamers don't care if it's right  
I think I'm really into you  
Best left, let's leave it all behind  
Tonight  
Crazy when you cross my mind  
All the trouble we could get into  
So what, let's just give this a try,  
Alright

Let's have the time of our lives  
Like there's no one else around  
Just throw your hands up high  
Even when they try to take us down  
We'll have the time of our lives  
Till the lights burn out  
Let's laugh until we cry  
Life is only what you make it now  
Lets have the time of our lives

Looking back  
What are we waiting for  
Take that chance now's all we've got for sure

Let's have the time of our lives  
Like there's no one else around  
Just throw your hands up high  
Even when they try to take us down  
We'll have the time of our lives  
Till the lights burn out  
Let's laugh until we cry  
Life is only what you make it now  
Let's have the time of our lives
