(Verse 1)

The moonlight shines in the summer and spring, so we'll laugh and jump and scream, and sing, so let's get together and raise our hands because it's time to party, and time to dance.

(Bridge)

Anyone has got the moves so just go and flow with the beat, show us how you groove, oh. Dance to the maximum beat, dancin' out in the street. Yeah-oh.

(Chorus)

This is when you feel alive and young, and when you get the chance to love, when you feel lonely and sad, dance with the man walkin' on the moon.

(Verse 2)

Moonlight, star-bright, it come to me. Seein' believin', a mystery, walkin' and talkin', oh you're history. It's the one and only chance you have to make a scene. The only time for you to strut like a queen.

(Chorus)

This is when you feel alive and young, and when you get the chance to love, when you feel lonely and sad, dance with the man walkin' on the moon. Oh-o-oh,.
Dance with the man walkin' on the moon.
