How did I get here  
I turned around and there you were  
Didn't think twice or rationalize  
Cause somehow I knew  
That there was more than just chemistry  
I mean I knew you were kind of into me  
But I figured it's too good to be true

I said pinch me, where's the catch this time  
Can't find a single cloud in the sky  
Help me before I get use to this guy

They say that good things take time  
But really great things happen in a blink of an eye  
Thought the chances to meet somebody like you were  
a million to one  
I can not believe it  
Oooh Ohhhh Ooh Ohhh Ooooh  
You're one in a million

All this time I was lookin' for love  
Try'n to make things work that wasn't good enough  
Til' I thought I'm through  
Said I'm done  
Then stumbled into the arms of the one

You're making me laugh about the silliest stuff  
Say that I'm your diamond in the rough  
When I'm mad at you, you come with your velvet touch

Can't believe that I'm so lucky  
I have never felt so happy  
Every time I see that sparkle in your eyes

They say that good things take time  
But really great things happen in a blink of an eye  
Thought the chances to meet somebody like you were  
a million to one  
I can not believe it  
Oh Oooh Ohhhhhhhhhhhh  
You're one in a million

(Yeah yeah)

All this time I was lookin' for love  
Try'n to make things work that wasn't good enough  
Til' I thought I'm through  
Said I'm done  
Then stumbled into the arms of the one

I said pinch me where's the catch this time  
Can't find a single cloud in the sky  
Help me before I get used to this guy

They say that good things take time  
But really great things happen in a blink of an eye  
Thought the chances to meet somebody like you were  
a million to one  
I can not believe it  
Ohh ohhhh  
Yeah yeah

They say that good things take time  
But really great things happen in a blink of an eye  
Thought the chances to meet somebody like you were  
a million to one  
I can not believe it  
Whoa  
You're one in a million  
Yeah  
You're one in a million  
Yeah  
You're one in a million
