hey,yeah come on!

you can be part of adventure allaround  
no one knows who is famous as people admiring you  
out  
best friends and friends playing, chatting is enough  
and i know i am more than them  
but less than giving upppppp.

lift up your hands,up,up and turn around  
don't waste time and sing along\_\_\_\_\_!

i wanna be like you as i am nothing in front of you  
show your talent,visit,shout now  
don't waste time sing along-(2)

acting,singing is my passion  
seeing and working is yours  
as now i am free  
like bird,chicks lonely scrolling down

lift up your hands,up,up and turn around  
don't waste time sing along\_\_\_\_\_!

i wanna be like you as i am nothing in front of you  
show your talent,visit,shout now  
don't waste time sing along,sing along,sing along

lift up your hands,up,up and turn around  
don't waste time and sing along  
now iam just like you as standing ahead of you  
show you talent visit,shout now  
don't waste your time sing along.

and go on,and go on  
and go onnnnnnnn!  
oh yeaaaaa!!!!!!!!!!!!!!!
