When I feel all alone
And nobody knows
Still got a smile for awhile
I can't let it show
Dry my tears, have no fears
And when I'm backstage feeling down
And the lights come on
No time to worry
Gotta Hurry, Gotta sing my song
Gotta shake it off, and Strike a pose
Snap my fingers just like that
Don't get what I want and that's a fact
Snap my fingers just like that
Don't get what I want, just cus I want it

I'm super cool, super hot
Livin like a rockstar
I'm super super,
I'm super super,
On the cover of your magazine
Whereever I go they make a scene
I'm super super,
I'm super super,
So you wanna be just like,
So you wanna be just like,
Think you wanna be just like me.
Everybody's watching me,
It's never as easy as it seems,
To be super super, to be super super girl

When I walk in the room
Everybody stops
Cameras Flashing, People Fighting
For the best shot
They like my hair, clothes I wear
Everybody wants to know what I'm doing next
Sometimes I wish I could stay home
Just be by myself
I wanna be, walking free
Can't you see
Snap my fingers just like that
Don't get what I want and that's a fact

Snap my fingers just like that
Don't get what I want, just cus I want it

CHORUS

Wish you could see out
Like everybody else
Struggling to let go
And always be myself

CHORUS
