Everybody knows the bones  
Just had to find a way  
Everybody knows what I'm talking 'bout  
That's how I'll get an A

My body's many parts  
And this is where it starts  
Phalanges I have 10  
And Metatarsals then

I got some Tarsals too  
I'll put them in my shoe  
The Fibula is next  
According to my text

Then comes the Tibia  
That ain't no Fibia

And now up to my knee,  
yeah, yeah, yeah  
That's the patella to me

[Chorus:]  
We're doing the bone dance  
You study the answers  
Again and again til I get it right

We're doing the bone dance  
You dance and you learn it  
And we won't mess up this test

And now I take it home  
With the Parietal bone  
It might be crazy  
But we learn that way

Temporal and frontal too  
And now we're finally through  
That makes two hundred & six  
I found a way that clicks

Bone Thugs in the house

We're doing the bone dance  
You study the answers  
Again and again till I get it right

We're doing the bone dance  
You dance and you learn it  
And we won't mess up this test  
We'll get it perfect... word!
