(Verse 1)

The sun's stopped shining,
The clouds are coming in.
All the water from up there,
Is evaporating.
The polar bears are dying,
And going down in the Earth.
It's all because of the pollution,
Now the polar bears can't surf!

(Chorus)

I've had enough of all the pollution,
It is killing our world.
I've had enough of all the pollution,
It is greater than our world.
(Repeat Chorus)

(Verse 2)

The sun's stopped shining,
And the rain is falling.
It is all a disaster,
'Cause it's evaporating.
The polar bears are dying,
And going down in the Earth.
It's all because of the pollution,
Now the polars can't surf!

(Repeat Chorus 2x)

(Repeat Verse 1)

(Repeat Chorus)
